

Spider's Web

Toddler

High Scope®

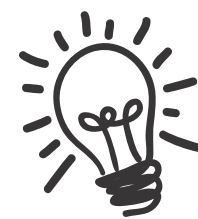

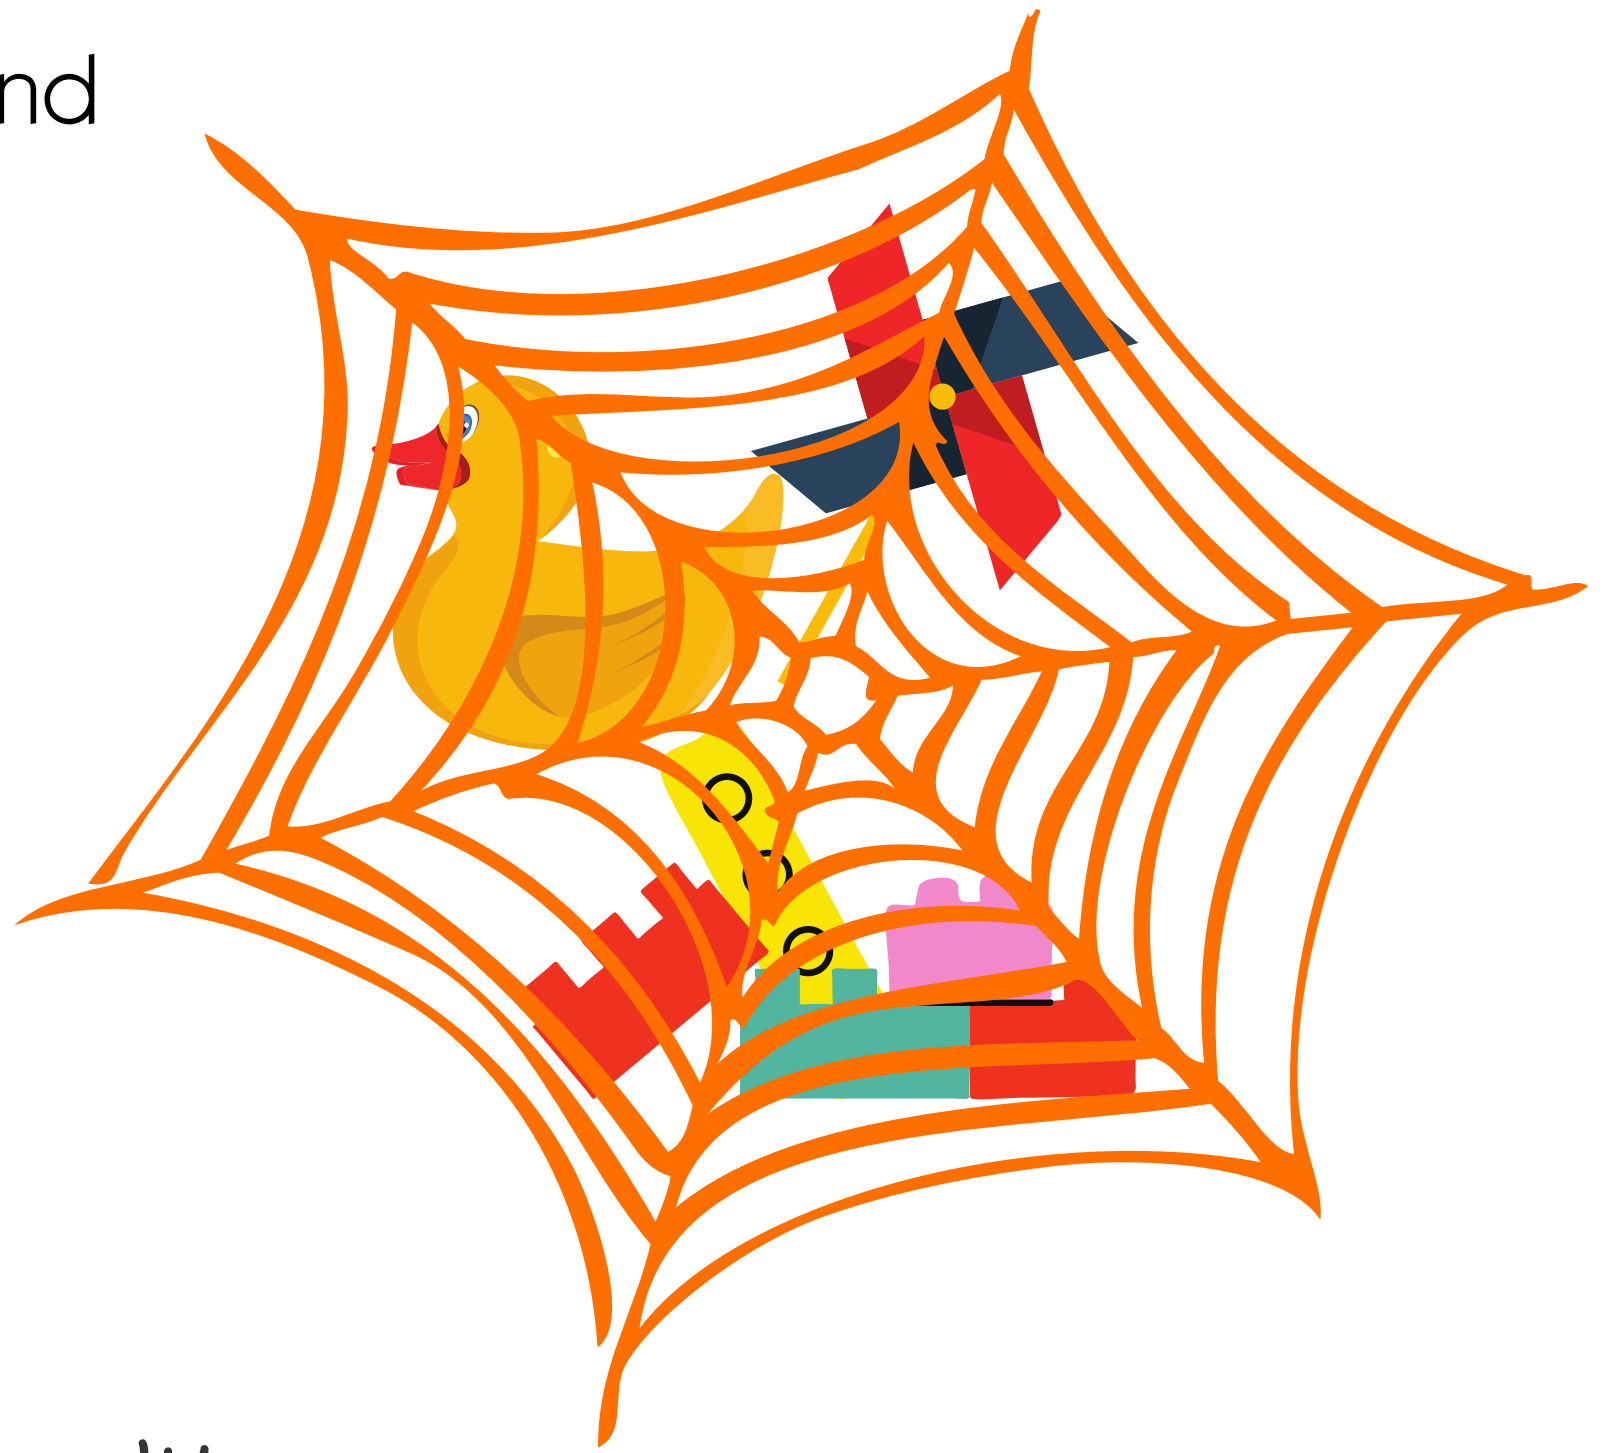

In today's activity, we will be using our problem solving skills and working on our small muscle development using trial and error.

Materials

- A Few Favourite Toys/ Stuff Animals
- Laundry Basket
- String or Yarn

Instructions

- Step 1:** Place the objects into the bottom of the basket.
- Step 2:** Using the yarn, weave through the holes, back and forth from one side of the basket to the other.
- Step 3:** Once you have created your "web", invite your child over to explore the basket.
- Step 4:** Demonstrate for them how they will need to maneuver their body and the object to retrieve the item.

Learning Outcomes

- Problem Solving Skills
- Critical Thinking
- Small Muscle Development

Potential Enrichment

The larger/more solid the item and tighter the string, the more concentration it will take to retrieve the items. Use these tips to make the activity a little bit harder!
