

A World of Numbers

JK/SK

Montessori

Look around your home, there are dozens of numbers within every room. They will be in hundreds, thousands, tens and ones. Find some of them with your child!

Materials

- Paper
- Writing utensil
- Clipboard - optional

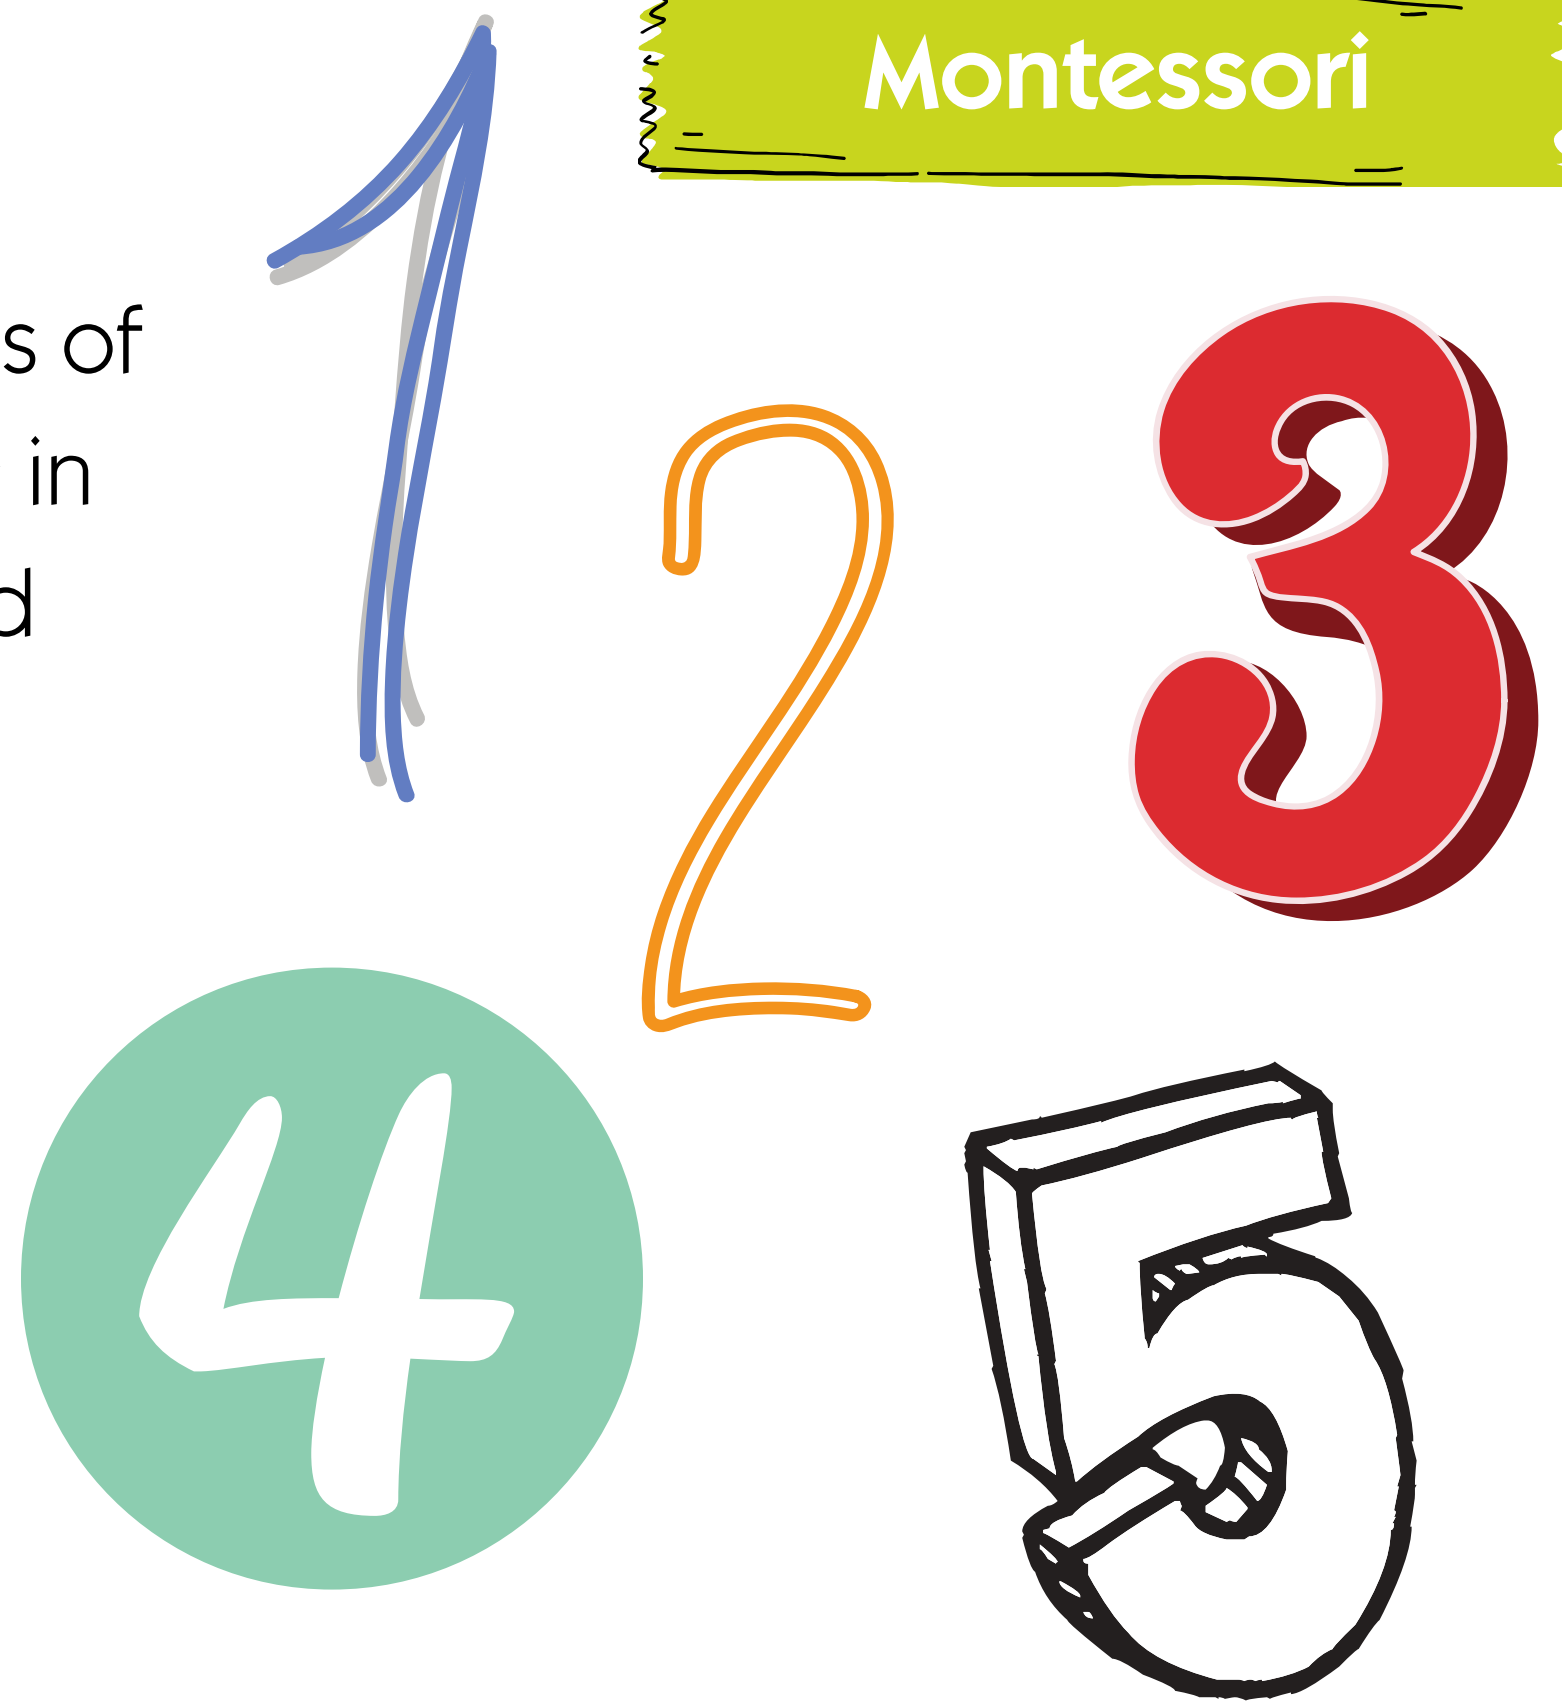

Instructions

Step 1: Look around your home, in a phone book, at a clock, in a newspaper or magazine, even page numbers and record all of the numbers you see.

Step 2: Print the numbers and organize into hundreds, thousands, tens and ones.

Step 3: Compare who found the largest and smallest numbers.

Step 4: What numbers do you make when you add them all together?

Learning Outcomes

Mathematics

- Number Recognition
- Printing Numerals
- Understanding Quantity

Potential Enrichment

Add opportunities to find and write numbers each day
