

One on One

Preschool

Montessori

This activity will focus on counting in 1:1 which is the principle of counting aloud while touching an item to represent that number.

Materials

- Sticky notes
- Paper
- Tape
- Marker
- 3D building blocks

Instructions

Step 1: Place all of the 3D items in front of your child.

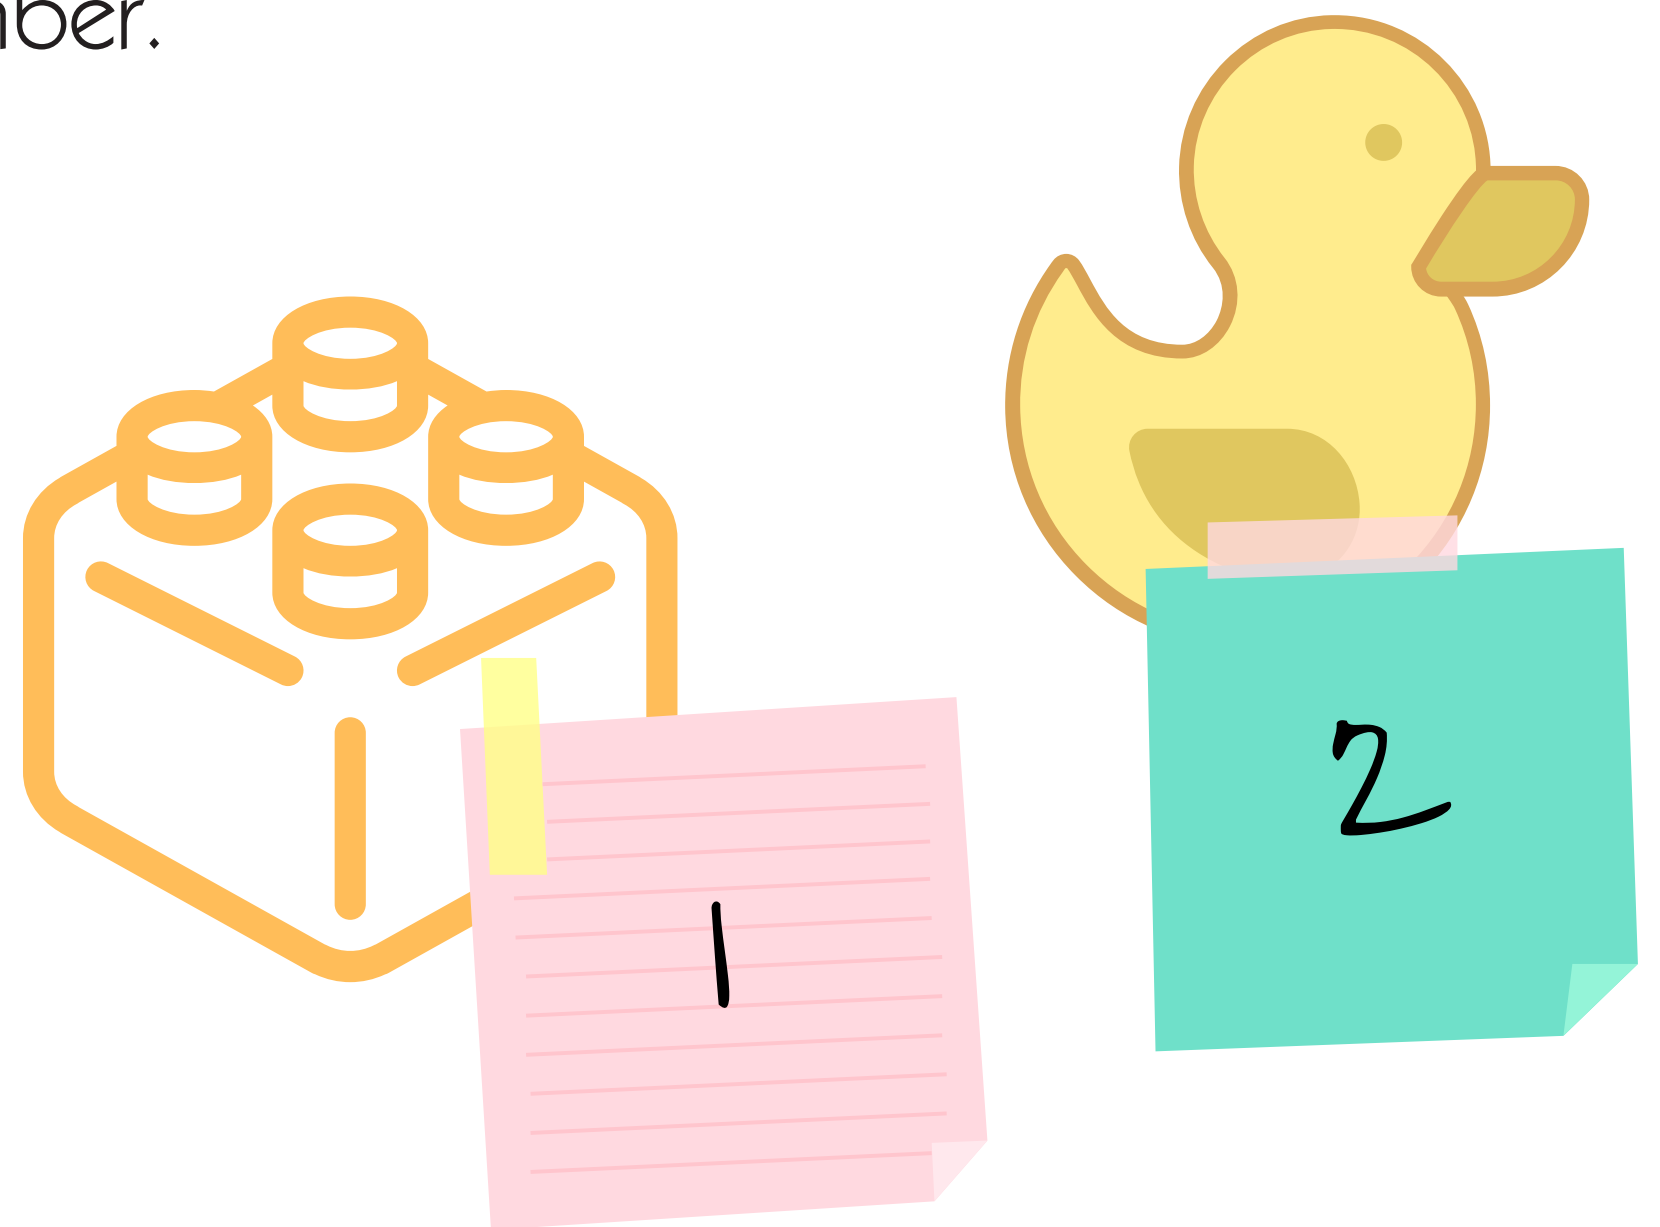

Step 2: Encourage your child to touch the items to understand their weight and size.

Step 3: On the sticky notes or paper, write the numbers 1-10 (or however many items you have).

Step 4: Place a sticky note on each item in order.

Step 5: Count aloud as you go.

Step 6: Place the items in a tower and see how many they can stack before it falls over.

Learning Outcomes

Mathematics

- Numeracy
- Hand and Eye Coordination
- Spatial Reasoning

Potential Enrichment

Write numbers in units of 10 on the sticky notes and count the blocks again.
